

Big Tex and the City

August 16, 2006

To Whom It May Concern,

I have known Steve Moore for some 25 years. His company has done business for the State Fair of Texas longer than I have known him. He has always been fair in his pricing and the quality of service is excellent. Moore Disposal employees go beyond the call of duty in their dealings with the Fair; they are at times asked to do some out of the ordinary jobs or furnish us with some specialized equipment which they gladly do. Steve Moore calls me during the year if he finds a piece of equipment that he thinks will work better than what I have or an idea for cutting costs that would benefit both of us.

I would highly recommend Moore Disposal to any prospective customer

Bob Hilbun
Sr. Vice President Maintenance/Operations
State Fair of Texas
